Michael Costello

has successfully completed the online, non-credit Specialization

Generative AI Cybersecurity & Privacy for Leaders

The Generative AI for Cybersecurity Leaders: A Strategic Primer Certificate recognizes the recipient's ability to identify and mitigate security threats unique to generative AI while leveraging its capabilities to enhance cybersecurity preparedness. This certification demonstrates mastery in creating advanced AI-driven tabletop exercises, understanding vulnerabilities such as prompt injection and adversarial text, and crafting effective prompts to strengthen security workflows.

Jules White

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
